Dear Sir.

NEW CULTIVARS FROM QUARANTINE – ZAIGER, BRADFORD, BUFFAT & OZ-PEACH

We confirm herewith that the uncertified cultivars not yet on the variety list, were released to us by the Plant Quarantine station for propagation and were declared clean from viruses.

Application for Plant Breeders Rights and variety listing for the varieties delivered for semi-commercial blocks to producers has been done by the IP Owner. All trees delivered to producers were inspected by BG Plant Inspectors affiliated to the DFPT.

Yours sincerely,

**WIM VAN RIJSWIJK
NURSERYMAN**
